

Connection Cable with Hasselblad CF series back

Instructions

Code: 7090K

Connect the jack 2,5 (labelled R) to the Red plug of the CF back and the jack 2,5 (labelled V) to the Green plug of the CF back.

Select Hasselblad H3DII mode from the menu in the Remote control unit.

In case the firmware of the DRCU has not been updated, select the Leaf Sync or Phase One 2 mode.

On the software for acquisition or on the back's menu, select the Camera interface: "Generic"
