

Lithium-ion battery pack

2 for M2

Li-ion BATTERY 1800 MAH 12V - code 7010K

Lithium-ion battery pack provides high power with small dimensions and lightweight. Battery charger included. 12Volt output.

Technical specifications:

- Input 12,6VDC
- Output 12,6-10,8VDC Capacity 1800 MAH using the same jack of the charger.

How to charge:

Connect the charger to the battery DC IN/OUT socket, switching the battery pack ON a red light switches on. When it turns into a green light the charging has started.

Depending on the life of the battery the charging lasts approximately 8 hours. When the green light on the charger goes off the charging is completed.

The 12 volt exit is the same female 3,5mm jack used for the charging.

Hasselblad H3D - H3DII - H4D - H5D digital backs can be powered using the fireware 800 cable code 7012K (not included).

- A) ON/OFF switch
- B) 3,5 jack socket for the charging and 12Volt 1800 MaH exit
- C) Battery status light.

Protective pouch with handle included.
Charger included.

Dimensions: 6 x 9,8 x 2,5 cm.
Weight: 186 grammes
