

Lithium-ion battery pack

Li-ion BATTERY 1800 MAH 12V - code 7010K

Lithium-ion battery pack provides high power with small dimensions and lightweight. Battery charger included. 12Volt output with USB port.

Technical specifications:

- Input 12,6VDC
- Output 12,6-10,8VDC Capacity 1800 MAH using the same jack of the charger.
- Output 5 VDC Capacity 4800 MAH using the USB port.

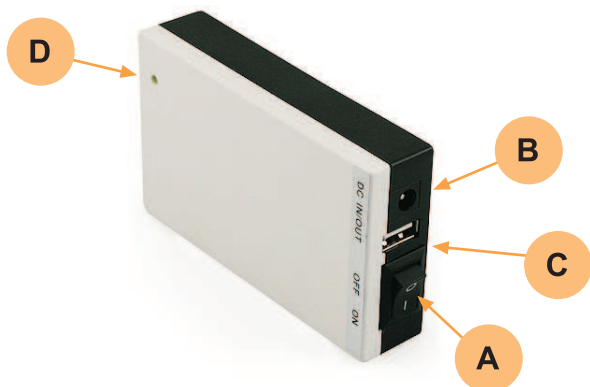

How to charge:

Connect the charger to the battery DC IN/OUT socket, switching the battery pack ON a red light switches on. When it turns into a green light the charging has started.

Depending on the life of the battery the charging lasts approximately 8 hours. When the green light on the charger goes off the charging is completed.

The 12 volt exit is the same female 3,5mm jack used for the charging. The USB connector aside the ON/OFF switch is a 5 volt exit.

Hasselblad H3D-H3DII digital backs can be powered using the fireware 800 cable code 7012K (not included).

- A) ON/OFF switch
- B) 3,5 jack socket for the charging and 12Volt 1800 MaH exit
- C) USB 5Volt 1800MaH exit.
- D) Battery status light.

Protective pouch with handle included.

Dimensions: 6 x 9,8 x 2,5 cm.
Weight: 186 grammes
